Please understand, if you think Pence is gonna do magic BS it is not the case. Trump asked US not Pence to be in DC. I'm seeing way too much "trust the plan" "Pence got this" fantasy circle jerking going on here. This is the shit that will lose us this country. We need to be in DC. I got my Airbnb.

7 Do you think it's possible that we could all go to DC, and hope for the best that fence will do his job as well? Like do both things at the same time?

-2 Listen dude..... QUIT POSTING AND COMMENTING. UNTIL HE GIVES ME REASON TO THINK OTHERWISE, I WILL DIE FOR MIKE PENCE. HE IS MY VICE PRESIDENT AND THE BEST VP OF ALL TIME IMHO

▼ Look you can like him all you want, but stop acting like salvation will come from on high if only you post enough spicy memes.

Pence has been loyal, that's for sure. And if he pulls off something amazing on the 6th, he's a shoe in for 2024. Conversely, if he tries and fails his political life is over.

So you're all correct. Don't rely on Pence but also apply maximum pressure on him to make the bold choice. BY SHOWING UP IN DC

▼ I'll do what I want - "dude". Try using some nuanced logic. The GOP turning on Trump is the story of this stolen election. If Pence reverses that tide I'll be happy but the trend isn't encouraging. Now relax and be open to all scenarios and ready yourself for them. I don't want to see you having a breakdown.

▼ I don't trust Pence, never have. I expect the worst from him. Trump will have to clean this shit up on his own with the few allies he has at the department of defense, NSA, and his 2018 executive order.

1 So enlighten us. What are we going to do on the 6th to change the outcome of this? Are you coming in hot, guns blazing? If not, you're not doing shit and you're stuck relying on Pence.

2 Weeks ago people on this site derided me for claiming that Pence would stab this country in the back, or at the very least falter when he is needed.

We can't trust that these single men will do what is expected of them. So far almost everyone has let this country down, and we can't expect anyone to have our backs.

Still hope I'm wrong, but let's wait and see.

2 Everytime tdwin gets this hyped up about something, turns out to be false hope.

My gut tells me Pence is not the winning play.

2 Get that will updated and family affairs sorted out. Make sure they know where you are headed and why and that you may never see them again. It's tough but if it gets wild you don't want them wanting. An urban environment, crowded streets and weeks notice makes it a very hostile environment.

2 Temperature wise you should be fine. Overtaking the Capital Building is where it may get dicey. Our side will suffer casualties, don't dance around that. This is real, no larp.

2 It is better for snow and 26 degrees than rain at 35.

▼ What do you think having a massive amount of Trump supporters will do though? They aren't going to look outside on the 6th and reconsider electoral certification. I feel like Pence is the only legitimate option and path at this point. Or some states this week decertifying their slates.
